

Get Your Hat On!

WHEN SOLISQ OPENED, I set a goal to offer women's (and men's) headwear and accessories that display a perfect marriage of form, function, sophistication, style, comfort, and quality craftsmanship. Our collections include classic styles, fit to wear on any day, or for any occasion, as well as trendy styles that are perfect for making a bold fashion statement or to show lighthearted and effortless style.

Many of our hats tout the "American Made Matters" label, which supports American jobs, including the oldest hat factory in Adamstown,

Pa. SOLISQ carries more than 200 hand-picked styles of hats in many sizes, colors, and trims. Part of this collection is the trendy and popular fedora. Customers can choose their size, from S to XL, trimmings, and color on a unique wool felt that is produced in San Angelo, Texas – one of only a few wool scouring operations in North America – and one that produces a world-class product. The high-quality craftsmanship allows these hats to be packable, crushable, and many are certified UPF 50+ rated sun protection. Our hat selections are ready to view, and our price points are very competitive.

All the hats at SOLISQ represent hat-making history that spans more than 70 years. From 1933, Betty Marks, the first designer for a hat company, quickly blossomed at U. S. department stores. "Betmar" is sold in more than 15 countries and is a leader in women's headwear fashion. SOLISQ is proud to offer these hats beloved by generations of American women.

Country Gentleman (CG) began in lower Manhattan, N.Y., in 1921, producing a small collection of hat and caps. CG delivers quality headwear that is comfortable to wear and resistant to outdoor elements, while maintaining a modern sensibility in design that adapts to a casual lifestyle at a moderate price point. CG collections on display at SOLISQ are made in U.S.A. The fall collection includes tweeds, plaids, and heather wool patterns, which add sophistication to any look. The spring collection features natural straws, braids, cut and sewn twills, and linen hats and caps that are comfortable and great-looking.

SOLISQ also offers unique collections of cashmere-blend scarves for ladies (made in Spain), silk scarves made in the U.S.A., and our growing collections of cashmere and fur at exceptional prices. In demand are ladies' gloves, ranging from warm wool to lambskin cashmere-lined gloves with (or without) luxurious fur trims.

As always, we recommend our expert fitting services to find the perfect fit for you!
