10 GETAWAY ESSENTIALS FROM LUXE TO SIMPLIFY PACKING FOR WARM-WEATHER ESCAPES

AFTER MONTHS of freezing temperatures and wearing puffy jackets, we are ready to say goodbye to the cold and hello to some sunshine and warm weather. Let's pack our bags and head to the beach, or at least day dream about the summer season! Follow along with these highlights of some favorite new items, perfect for any warm-weather getaway.

When you start to think about packing for a trip, first think about what you want to wear. Plan your wardrobe in advance and you are less likely to over-pack or forget a key item. The trick is to think it through before you go and pack interchangeable pieces. You want to be comfortable and feel stylish in versatile clothes that you can mix-and-match. Here's our list:

WHITE JEANS are perfect for cooler days or a night out. Pair your white jeans with flip flops and a tee for the day or a cute, printed tank and a wedge at night.

DENIM SHORTS can pair with that same printed tank for a totally different, casual daytime look. Throw on denim shorts over your swimsuit or slip on a lightweight sweater for a comfortable, relaxed feel.

The perfect dress can take you from day into night.

A PRINTED TANK can be worn day or night with anything from denim shorts to white jeans.

A SUNDRESS, whether it's a printed maxi or a short jersey dress, takes you from the beach to a night out by swapping flip flops for wedges and a statement earring.

LAYERS are always important when traveling. We love a cozy cotton sweater or a denim jacket for cooler nights. A lightweight sweater will pair with your white jeans or denim shorts. A denim jacket is perfect to throw on over your printed tank or any dress!

A FUN BAG is a beach vacation staple. Use it as a travel carry-on and then to tote your essentials to the beach each day.

ACCESSORIES are easy to pack and can change an entire outfit's look from casual to dressy. We love a great pair of earrings or a stack of bracelets.

SWIM SUIT AND COVER-UPS are obvious for a beach vacation, but look for one great suit that fits well and a cover-up that you can wear from the beach to lunch to make getting dressed each day easier.

A NUDE WEDGE is our go-to shoe that can work with almost anything and is perfect for your night out.

With the right key items, you can easily pack a fun and mix-and-match wardrobe for any getaway. Pop in LUXE for some more vacation essentials and help packing the perfect suitcase without spending too much.
