

Deer Park Village

Deer Park Village Senior Living offers independent living, assisted living and memory care while providing seniors with a worry-free retirement experience. Team members are onsite 24 hours a day to engage with residents and build meaningful relationships, all while receiving the personal care and attention they deserve.

At Deer Park Village, residents are encouraged to spend more time doing the things they love like engaging with friends and family, participating in exciting activities or simply joining enjoying coffee and conversation at Payton's Bar. The community offers housekeeping, maintenance, and transportation so residents can focus on the more important aspects of retired life.

Seniors who reside at Deer Park can begin their day with a morning swim in the saltwater pool, take an afternoon, chauffeured outing to the Art Institute of Chicago and spend the evening with friends at the community's wine bar. Join the community to discover beautiful rooftop deck views, chef-prepared culinary experiences, easy access to the Metro-Northwest train line into

Chicago and an array of other amenities that will guarantee you love the way you live!

Currently Deer Park Village Senior Living team members are undergoing training from The Hearthstone Institute that educates caregivers on how to be aware, confident and effective when working with residents living with dementia. The community shares the same mission with Hearthstone which is to create a life worth living for seniors with cognitive challenges by enriching their lives and offering hope.

Built in 2016, Deer Park Village Senior Living provides residents with a modern, safe, and worry-free community to live a purposeful life. The community's parent company, Dial Senior Living, has a long-standing history of providing five-star care for seniors since 1959. Dial's portfolio has since expanded to more than 20 communities and each community is unique in its offerings and esthetics. However, all communities all share one thing in common: they are committed to exceptional service, amenities and an active lifestyle.
