

## Purple Reign

FOR THE FIRST TIME, PANTONE® has created a new color for its Color of the Year 2022. By doing so, they hope to inspire your creativity. “Veri Peri” offers the dynamic periwinkle blue hue with violet-red undertones to blend the gratitude, trustworthiness, and continuity of the blue with red’s energy. Veri Peri is great for accents—brush it onto a single wall, or consider an end table, piece of art, or side chair. We are showing fabric and leather options bringing in different hues of blue, brighter greens, citrons, and purples. The possibilities are endless! U
