Paradise Found

A gathering at One Life Kitchen recently offered the chance to safely enjoy friends, food, and to learn about “Work and Learn from Paradise”. Created by Playa Hotels & Resorts, the goal is to offset the “work from home and children-not-going-back-to-school blues”. The concept allows students to learn from the resort in a beautiful environment. It’s a win for the moms and dads, as daily laundry is provided, all the meals are included (no more cooking or Uber Eats bills, and all drinks are included). Activities include spa services, a personal trainer, huge gyms with multiple exercise classes, art classes, local history classes, conversational Spanish, and so much more. People working remotely can also take those Zoom classes in their cabana!

“While everyone has experienced disappointment of some kind due to the pandemic, we wanted to make the best of it. Who can’t be excited to learn from paradise, the beach, the sun shining, and our incredible service from the heart is just waiting to greet everyone,” said Vice President Travel Industry Sales agent Andrea Wright.
