Located in the heart of Barrington, Fox Valley Orthopedics (FVO) offers a continuum of musculoskeletal care in the diagnostic and comprehensive treatment of acute or chronic orthopedic conditions and injuries. From treating broken bones and fractures to joint pain, FVO offers everything from conservative care to surgical solutions.

Throughout the last 50 years, FVO has strived to exceed patient expectations by adding a broad spectrum of orthopedic specialties so patients can receive quality care close to home. Sports Medicine Surgeons James R. Seeds, MD, and Joshua M. Alpert, MD; Spine Surgeon Lauren E. Matteini, MD; Hand and Upper Extremity Surgeon Shobhit V. Minhas, MD; Joint Replacement Surgeon Kenneth S. Chakour, MD; and, Foot and Ankle Specialist Gary M. Kazmer, DPM, are all board-certified and practice in the Barrington community.

For added seamless delivery of care, FVO offers:

- *The new Siemens Magnetom Free.Max MRI:* the world's most advanced magnetic resonance imaging (MRI) scanners on the market today. Its 80 cm wide-bore system sets a new paradigm in patient comfort, while providing high-resolution images for better diagnostics.
- *Physical and Occupational Therapy* to build muscles, improve range of motion, and restore function. FVO is excited to announce the opening of three new locations in Huntley, Aurora and Yorkville, for a total of 10 locations including Barrington.
